Information [] dated 15 August 1953, indicated that the former Guards Cavalry Barracks on the north side of General Zaymov Boulevard in Sofia was occupied by the Inspectorate for Engineer Troops, [] and was staffed with soldiers who wore red-bordered black epaulets, mounting hatchet-shaped arm insignia. The same report indicated that the Motor Transport Regiment [] was quartered in the old northeast building of the Motor Transport Barracks on the northwest side of 9 September Boulevard. The soldiers of this regiment wore red-bordered black epaulets and motor vehicle arm insignia on the left side of their breasts and their epaulets. This report also indicated that the barracks installation on a road four kilometers southeast of Sofia was occupied by [] soldiers wore red-bordered black epaulets mounting gun-shaped arm insignia.
